

IILM UNIVERSITY

Global | Inclusive | Responsible

IILM UNIVERSITY

The vision of IILM University is to promote education that offers a global perspective characterized by distinctive curriculum and co-curricular programs. IILM University engages with international partners to facilitate enriching learning experiences for students and advancement of knowledge. IILM University is an inclusive institution providing wider access to talented students. IILM University aims to give students knowledge, skills and values to become responsible and responsive leaders with moral and ethical values. This helps us in preparing our students for new-age careers and helping them emerge victorious despite complexities of the business world.

It is the rich legacy of over 28 years in higher education that makes IILM a brand to reckon with. International exposure, highly qualified and experienced faculty, globally-benchmarked curriculum and experiential learning give an academic rigor to IILM programs.

IILM is a Champion of “Principles of Management Education” (PRME), which is part of a program called ‘Global Compact’ by The United Nations. This initiative tries to orient management education towards responsible management to create tomorrow’s business leaders who focus not on profit alone but also for societal benefit and sustainable development. This is also the guiding principle in IILM’s overall mission to create responsible managers through innovative and engaging management education.

LIBERAL ARTS

Dedicated to liberal thought and critical engagement, we attract fiercely independent thinkers who rise to the challenge masqueraded by an environment that fuses academic freedom and rigorous intellectual standards. We offer the tools that let students see through dogma, identify social and political frameworks, and create critical change in the world. We encourage students to cross and integrate disciplines, to embark on an academic path based on their interests. Focused classes, engaged faculty, and a commitment to investigating and challenging ideas, places us at the forefront of theory, practice, and innovation. With us, a student's individuality, passion, and creativity drive the way they question and view the world.

IILM University boasts of highly competent, well qualified, full time faculty members with strong academic credentials. Our faculty members are PhDs from reputed national and / or international Universities, renowned academicians, accomplished Industry Practitioners who are passionate about teaching.

Our faculty participate in national and international conferences leading to publications, case studies and extensive research work. The pool of faculty comprises of a combination of academic professionalism and accomplished industry experts.

DISCOVER YOURSELF

IILM offers a unique student development initiative in the form of Personal Leadership Programme (PLP) and Career Development Programme (CDP).

PLP has been designed to help students develop self-knowledge and interpersonal skills by introducing a set of learning experiences throughout the study, that give opportunities to enhance self-awareness, awareness of others and clear actionable developmental pathways to promote effective working with others.

CDP is an exciting and unique aspect of the curriculum at IILM. It enables students to understand the importance of career planning, equips them with the right skill sets, improves employability, makes them understand about various industries, sectors, jobs and helps them network with professionals.

EXPERIENTIAL LEARNING

The curriculum combines experiential learning so that students are capable of turning concepts into effective decision making, initiating action from knowledge and converting ideas into change. The programs provide a holistic and hands-on experience to the students allowing them to reflect on concepts through internship programs, study abroad programs, service-learning projects, industry and NGO visits, to name a few. These allow our students a range of opportunities for personal and professional development.

CAREER CENTRE

IILM University has much to offer you on your path to professional success – be it an employment or a self-employment path, as a business leader or as an entrepreneur. With focus on your personal and professional development to make you future ready through academic courses such as Critical Thinking, Career Development Programme, Personal Leadership Programme, Leadership through Literature, modules on Communication etc., the Career Centre helps you carve your way to a successful career through:

- Interventions designed for the Future of Work
- Professional Skill Development
- Summer Internship in India and Abroad
- Incubation Centre for Entrepreneurship Development
- Study Abroad Programs and Summer School
- Career Advisory
