FIRE PRECAUTIONS

Preventing fire tragedies and disasters from happening in University, is the most important issue that a University must address, secondary to its academic mission. A University must always be a fire safety place for our students, fire safety measures, fire devices, fire drills, fire exits, fire escapes, fire alarms are just components of good fire safety measures. Fire tragedies and disasters can be prevented if proper fire safety measures are in place and religiously implemented.

We must ensure that the:

- Fire drills and evacuation plans must be practiced regularly; (once a month is an ideal frequency).
- Fire alarms and smoke detectors must be present at all levels of the premises.
- Fire devices such as, fire extinguishers, sprinklers, fire hoses must be always in good working condition. Regular maintenance for these devices is a must.
- Fire exits, egresses must always be free from any obstruction that can hinder fast flow of evacuation in case of fire break out. Exit signs must always be posted properly.
- Responsible personnel must have adequate training in handling fire devices such as fire extinguishers, fire hoses to apply initial remedy in case of starting fire break outs.
- Fire safety signs, especially exit signs, must be conspicuously located at all levels of the premises especially those pointing to fire exits; in cases of complex buildings, site maps leading to exits must be posted on the walls or appropriate sites.
- Elevators must not be used during fire break outs as these may get stuck in between floors if power supply is cut during fires.

To have an effective Fire Fighting system, the instructions listed below need to be strictly complied with:

- a. Every fire extinguisher be stamped with the date of filling. This can also be done by allotting serial numbers to each extinguisher and keeping a record in the office.
- b. Practice evacuation drills once in three months.

- c. A fire chart is to be displayed in Admin Manager's office, depicting the location of each fire extinguisher and fire point. Fire exit markings must be affixed at vantage points for easy exit in case of fire.
- d. Fire practices must be carried out monthly and a record kept of the same in a fire fighting register. This record must show the numbers of individuals who attended the fire practices. After the event, all hoses/ coupling must be duly lubricated.
- e. The lift must have an extinguisher inside and a marking outside the lift door on every floor "DO NOT USE THE LIFT IN CASE OF FIRE".
- f. To prevent incidents of transformer fires, following must be done;
- Check leakage of transformer oil once in a month. Campus electrician will be responsible for the same.
 - For transformers placed on the ground, these must be cordoned off to prevent access by putting barbed wire all around at 3 feet distance. Evolve drills in the campus to ensure that all ACs/ electrical appliances are switched off.
Paste a neatly written notice in each faculty cabin/ office stating "PLEASE SWITCH OFF THE AC EVERY TIME YOU MOVE OUT"
- g. In areas of mass usage, such as library, conference halls, computer labs, bigger class rooms, auditorium etc. implement the system of one switch controlling multiple lights.
- h. In kitchens/ areas of cooking, the gas cylinders will be kept well outside and only a gas pipe would be allowed ingress to the kitchen.

Safety of Students

Various Standing Committee's on safety of the students set up are as:

- Anti - Ragging Committee.
- Disciplinary Committee
- Internal Complaints Committee
- Committee for Redressal of Grievances
- Committee for Prevention of Caste Based Discrimination

As soon as children enter the University grounds, their safety and security is one of our priorities. The organization is committed to ensuring a safe and happy environment for its students.

We believe that University learning environments should be free from bullying and harassment. Parents/ Guardians are urged to immediately report cases of bullying or harassment of their wards to the University officials. All Universities have discipline policies which outline the consequences for those who bully or harass.

Type of checks practiced in IILM University campus: CCTV Surveillance

CCTV is an important tool towards ensuring security in a University campus. IILM has put in place CCTV surveillance system in all its campus. University campus pose many unique challenges when it comes to security. A video surveillance system must be carefully planned out in order to keep watch over the diverse assortment of facilities that comprise a typical campus community. From Hostels and libraries to sports complexes and sprawling student grounds, there's a lot to look after. Our CCTV surveillance system goes a long way in ensuring the safety of students, faculty, and facilities on campus.

Benefits of campus surveillance equipment

Maintain secure facilities – University campus feature a variety of buildings, each with their own security needs. Campus security cameras help to secure these facilities, watching for suspicious behaviour and unauthorized access.

Protect students – Students have to cover a lot of ground when navigating their way through campus. This often involves traveling by foot, and sometimes the journey takes place late at night. Video surveillance is an invaluable tool, allowing students to wander under the safe watch of campus security cameras.

Deter crime – Campus security cameras can serve as a visual deterrent to crime such as theft and break-ins.

Prevent vandalism – With proper campus security cameras, the threat of vandalism to University property is lessened.

Monitor parking lots – Security cameras can prevent and deter criminal activity and theft in parking lots throughout a campus community. Footage from cameras throughout the campus can be viewed online from any computer with an internet connection and access to the network.

Manual - the uniformed staff maintains a high profile while patrolling the campus & their presence acts as positive deterrent against potential criminal actions

Equipment – this involves all physical equipment's that have been installed to enhance security effectiveness, such as fencing, gates, CCTV.

Education - We through regular communication with the community as well as meetings and workshops with students and staff, strive to ensure that there is awareness of security issues, and also provide information on how to deal with various situations.

Enforcement - in extraordinary circumstances the inspection committee is empowered to take whatever appropriate action is necessary to maintain order and security on campus.

Crime Prevention

The best way for students and staff to prevent crime is to be aware of their surroundings and particularly the people in their environment. Students and staff are encouraged to be alert for suspicious persons in and around campus buildings and in parking areas.

They should ask themselves questions such as: -

- Are they new faces and hanging around for no apparent reason?
- Are they looking into cars as they walk through the parking areas?
- Are they from going from room to room finding something unusual?
- Are they carrying valuable property from buildings after normal working hours? If they suspect anything, they should call the Admin/Security Head.

Protecting your Property

- Theft is the most common crime on campus. The best means of prevention is to be more vigilant and be responsible for your own belongings.
- Whenever you leave your office, laboratory or residence, lock the door and close windows.
- Never leave access doors open.
- When storing a purse or a wallet in the office, lock it in a filling cabinet.
- Do not leave any backpack or bags or laptops in open places unsupervised, especially in cafeteria and libraries.
- Keep a record of serial numbers and descriptions of your valuables.
- Engrave your property. Never leave items on display inside your car while it is parked.
- Invest in a steering wheel or gear-lock.
- Lock your door and windows even when leaving the room for a short time.

In residence

- Keep emergency numbers next to your phone or fixed on your desk.
- Secure your doors and window when you are alone and while you are asleep.
- Do not leave house keys hidden in a traditional location, such as under the doormat.
- Do not put your home address on your key ring.
- Get to know your neighbours. You can keep an eye on each other's rooms when you are not there.
- Do not leave any messages on your door to indicate that you will be away for any length to time.
- Do not keep large sums of money inside your room.
- Take your valuables home when you go on vacation.

Personal Security in General

When Walking

Rules & Regulations for Prevention and Prohibition of Ragging

In pursuance to the Judgement of the Hon'ble Supreme Court of India dated 08.05.2009 in Civil Appeal No. 887/2009, the UGC had notified "Regulations on Curbing the Menace of Ragging in Higher Education institutions, 2009". We have instituted multiple mechanisms to ensure a ragging-free campus, like Constitution of Anti-Ragging committee, mention of Anti-Ragging warning in the Institution's prospectus and Website, Updating University website with names and contact details of the Anti-Ragging committee, submission of undertaking by each student and parents on Anti-Ragging Compliance. The campus has Zero Tolerance towards Ragging.

Various Types of Ragging

The Hon'ble Supreme Court has, inter-alia, mentioned the following types of ragging:-

1. Ragging has several aspects with, among others, psychological, social, political, economic, cultural, and academic dimensions.
2. Any act that prevents, disrupts or disturbs the regular academic activity of a student should be considered with in the academics related aspect of ragging; similarly, exploiting the services of a junior student for completing the academic tasks assigned to an individual or a group of seniors is also an aspect of academics related ragging prevalent in many institutions, particularly in the technical institutions.
3. Any act of financial extortion or forceful expenditure burden put on a junior student by senior students should be considered an aspect of ragging for ragging economic dimensions.
4. Any act of physical abuse including all variants of it: sexual abuse, homosexual assaults, stripping, forcing obscene and lewd acts, gestured, causing bodily harm or any other danger to health or person can be put in the category of ragging with criminal dimensions.
5. Any act or abuse by spoken words, emails, snail-mails, blogs, public insults should be considered with in the psychological aspects of ragging. This aspect would also include deriving perverted pleasure, vicarious or sadistic thrill from actively or passively participating in the discomfiture to others; the absence of preparing 'freshers' in the run up to their admission to higher education and life in hostels also can be ascribed as a psycho-logical aspect of ragging – coping skills in interaction with seniors or strangers can be imparted by parents as well. Any act that affects the mental health and self-confidence of students also can be described in terms of the psycho-logical aspects of ragging.
6. The human rights perspective of ragging involves the injury caused to the fundamental right to human dignity through humiliation heaped on junior students by seniors; often resulting in the extreme step of suicide by the victims.

Actions to be taken against students for indulging and abetting in Ragging in Universities: -

1. The punishment to be meted out to the persons indulged in ragging has to be exemplary and justifiably harsh to act as a deterrent against recurrence of such incidents. The students who are found to be indulging in ragging should be debarred from taking admission in any educational institution in India.
2. Every single incident of ragging, a First Information Report (FIR) must be filed without exception by the institutional authorities with the local police authorities.

3. Depending upon the nature and gravity of the offence as established by the Anti-Ragging Committee of the institution, the possible punishments for those found guilty of ragging at the institution level shall be any one or any combination of the following.
 - ■ Cancellation of admission
 - ■ Suspension from attending classes
 - ■ Withholding /withdrawing scholarship, fellowship and other benefits.
 - ■ Debarring from appearing in any test/examination/ other evaluation process
 - ■ Withholding results
 - ■ Debarring from representing the institution in any regional, national or international meet, tournament, youth festival, etc.

- Collective punishment: when the persons committing or abetting the crime of ragging are not identified, the institution shall resort to collective punishment as a deterrent to ensure community pressure on the potential raggars.
4. The institutional authority shall intimate the incidents of ragging occurred in their premises along with actions taken to the Council immediately after occurrence of such incident and inform the status of the case from time to time.
5. Courts should make an effort to ensure that cases involving ragging are taken up on priority basis to send the correct message that ragging is not only to be discouraged but also to be dealt with sternness
