Opportunity

ABOUT US

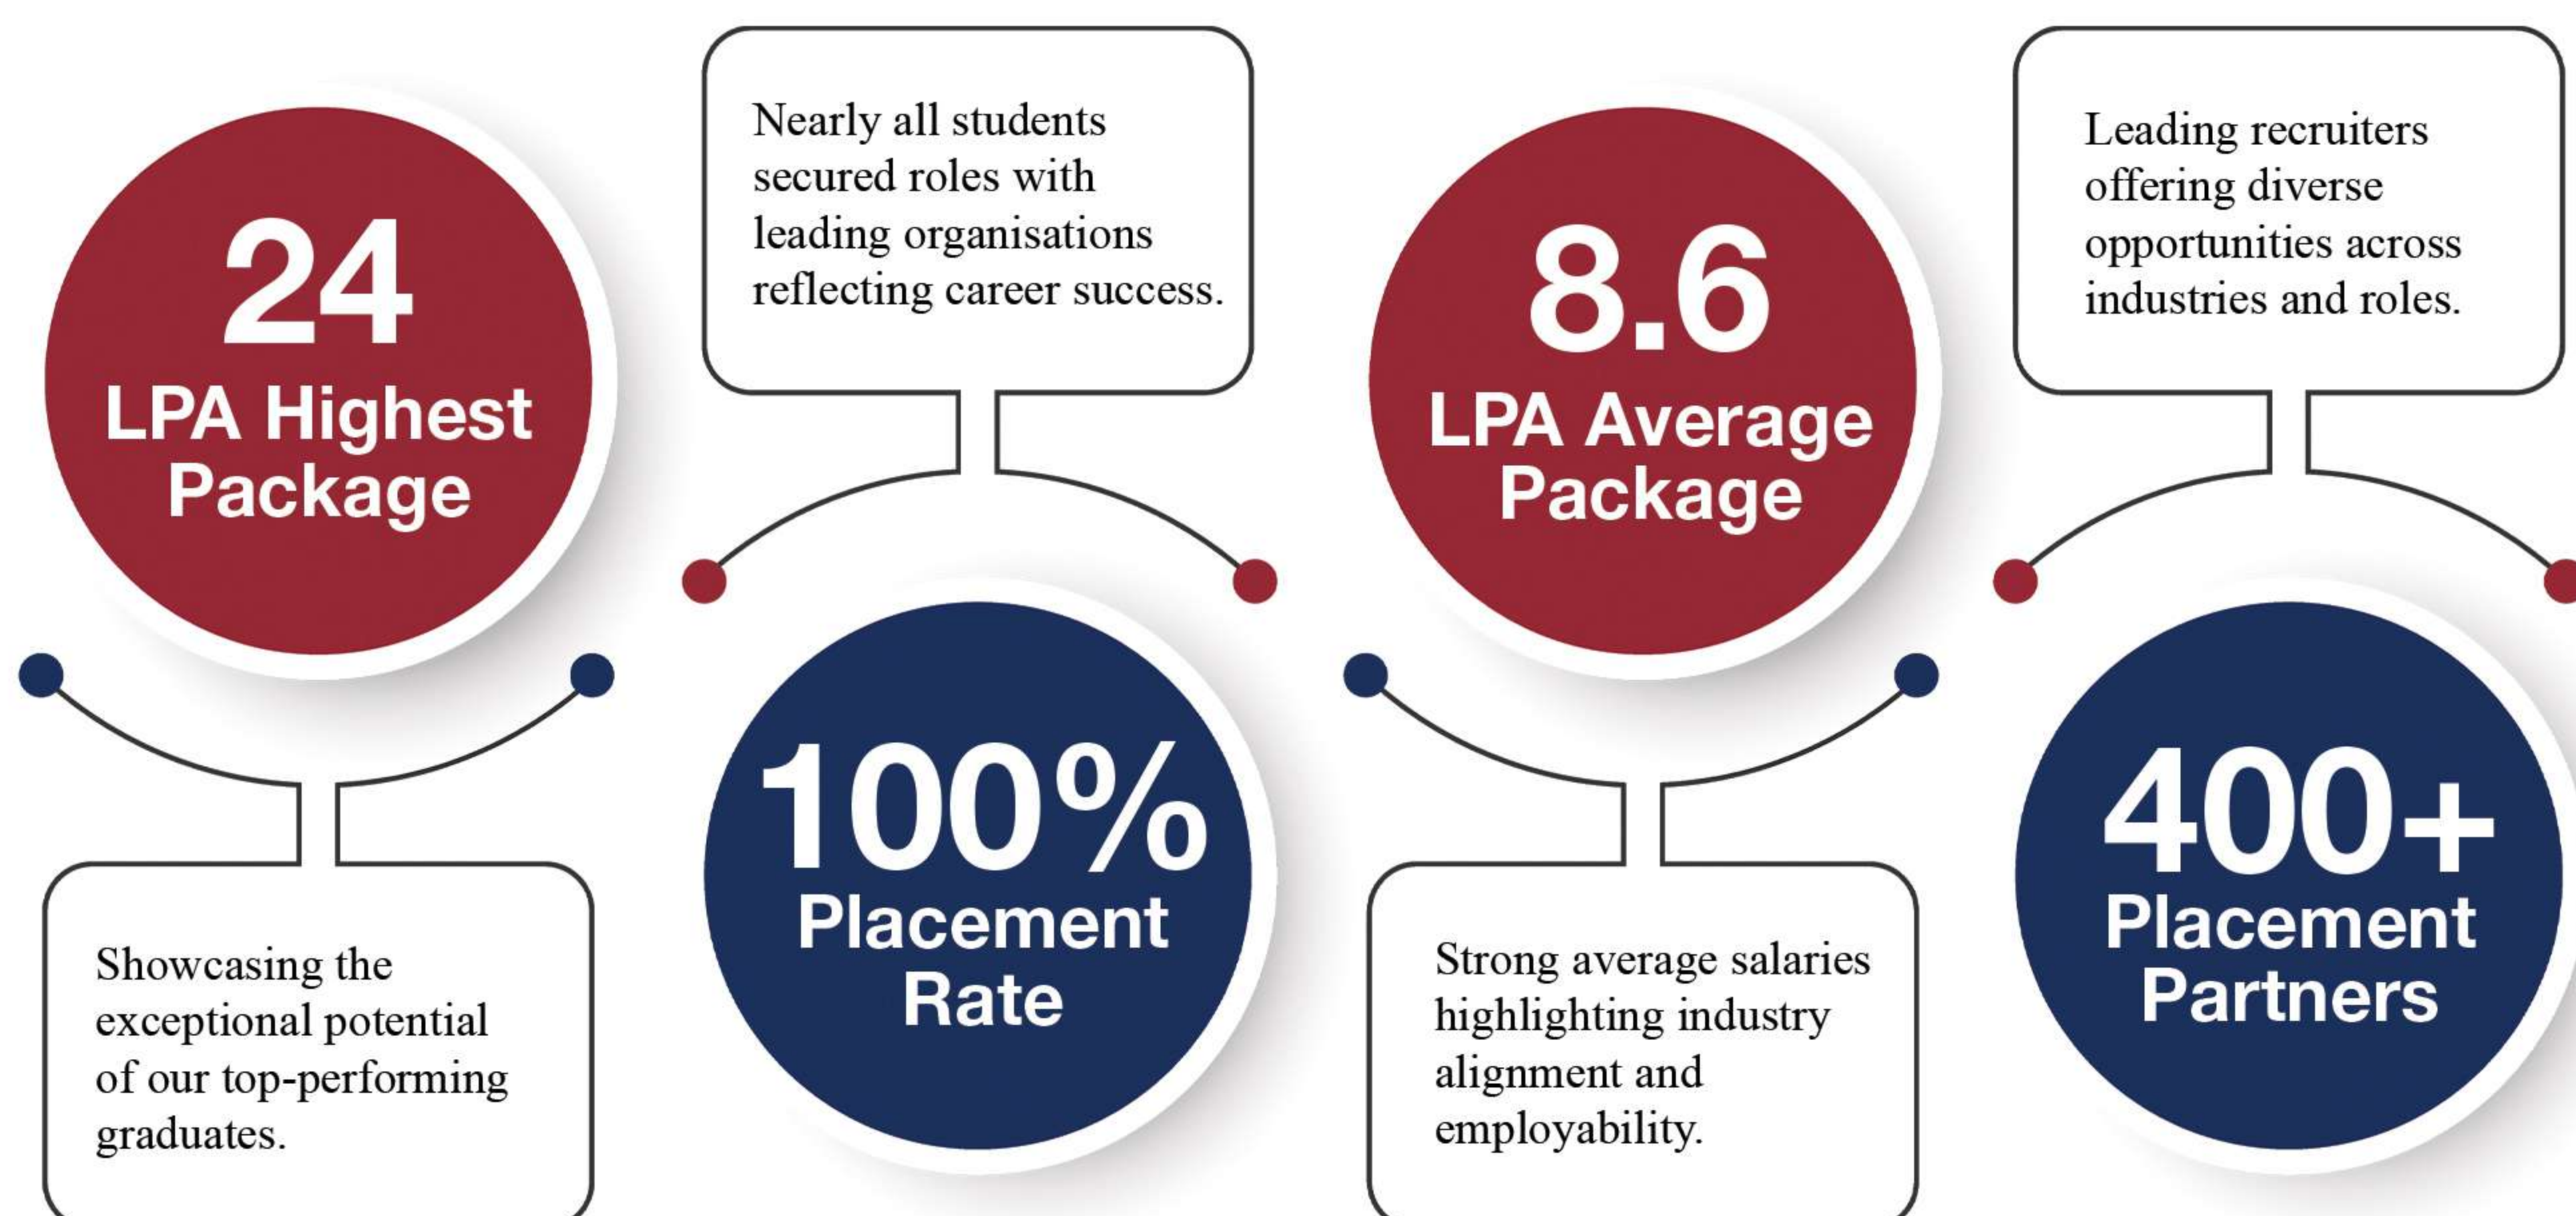

Learn with Purpose, Lead with Purpose

IILM is an innovative and purpose-driven institution offering multidisciplinary programmes in Management, Computer Science & Engineering, Law, Psychology, Design, Journalism & Communication, and Liberal Arts.

We are committed to empowering students with an education that not only challenges their intellect but also seamlessly connects with the real world. We go beyond textbooks, fostering a dynamic community of learners who embrace innovation, interdisciplinary thinking, and social responsibility.

Established in 1993, IILM is a distinguished higher education institution with multiple campuses strategically located in Gurugram, Greater Noida, and Lodhi Road, New Delhi. The year 2018 marked a significant milestone as the Gurugram campus was granted university status by the Government of Haryana. Similarly, in 2022, the Greater Noida campus attained university status under the Uttar Pradesh Private Universities Act.

SUMMER INTERNSHIPS

The Summer Internship Programme (SIP) serves as a bridge between academic learning and real-world business challenges. Designed to provide students with hands-on industry experience, the programme allows them to apply theoretical knowledge in practical settings, enhancing their professional skills, adaptability, and problem-solving abilities. Our students intern with leading organisations across diverse sectors, gaining exposure to emerging industry trends, corporate work culture, and professional networking. These internships often lead to pre-placement offers (PPOs), equipping students with a competitive edge in the job market. With strong industry collaborations, IILM ensures that students receive valuable insights and mentorship from top professionals, preparing them for successful careers ahead.

BATCH PROFILE OF 2023-2025

BATCH STRENGTH

ACADEMIC BACKGROUND

WORK EXPERIENCE

THE CAREER SERVICES DEPARTMENT

The Career Services Department at IILM is a dedicated and professional team that leverages our strong industry connections to bring in top recruiters for placements and internships. Our team plays a crucial role in guiding students through their career journeys, ensuring they are well-prepared to seize professional opportunities.

We go beyond job placements by enhancing employability skills through resume and case study workshops, mock group discussions, and mock interviews. This comprehensive approach equips students with the confidence and expertise needed to excel in the recruitment process. Our structured and professional approach ensures continuity in recruiter relationships, maintaining a robust and transparent placement process.

The Corporate Readiness Programme (CRP)

IILM University diligently prepares students for their career aspirations, and we believe that the Corporate Readiness Programme should be holistic and hyper-personalised. Instead of just telling students what to do, we guide them through a step-by-step process to secure their desired careers. While CVs and mock interviews are important, our approach focuses on enhancing the Mindset, Skillset, and Toolset of students.

The Career Selection Process serves as the foundation for long-term success. We begin with the 'Know Yourself' module, offering in-depth insights into various sectors and roles. This is followed by one-to-one sessions to build each candidate's Career Roadmap, along with structured training on essential skill sets and toolsets. Mentors from various industries provide hands-on training to ensure our students are career-ready.
